Features & Benefits

- **Product Service Commitment** – solid support starts with firm manufacturer-to-distributor relationships and translates into exceptional service quality and technical support.
- **Forged Milled Wheel (FMW) Technology** – incorporates improvements through superior material properties of the compressor wheel forging. This innovative process helps resist compressor wheel failure and decreases costly equipment downtime.
- **Strong Warranty** – All BorgWarner Turbo Systems aftermarket units are covered by a 12 month, 100,000 mile service or replace warranty.
